Become a resource parent
and change the life of a child
forever.

Rite of Passage's California Foster Families is a private, non-profit Foster Family Agency, licensed to approve Resource Families in the state of California. Our agency provides stable, home-based placement alternatives for children in California's foster care and probation systems.

Located in Northern California, the program has delivered family-based treatment with enriched support services since 2002.

Becoming a Resource Parent

Resource parents are loving, caring, and committed individuals who provide a safe, stable home for children who are temporarily removed from the custody of their biological caregiver. They work as part of a team to reunify a child with his/her biological parent(s) or relative(s) if possible. Resource parents provide the support necessary to help a child deal with any issue they may be experiencing.

Foster Parent Benefits Include:

- Monthly tax-free compensation
- Agency-paid background check (nominal rolling fee is charged to applicant)
- First Aid and CPR Certification
- Free initial Resource Family training (refreshments & lunch provided)
- Ongoing training provided by a Masters Level Social Worker and specialized for each Resource Family
- Continuous support for all child/family needs
